On the first floor were the workshop halls, tool cage	s, store rooms, etc	25
On the second floor were theory rooms, class rooms, the rec	tor's office, etc.	
It is a three year school and the students begin at a	ge fourteen.	
Instruction is divided into three periods. The first	period is for all	
the students, and they are instructed in the more basic tra	des. In the decond	1
period the students are divided into "pools" which circulat	e between the various	ous
special departments. The third period is devoted to specia	d instruction div	ided
by subjects.		
The students have long summer vacations, the last par	t of which is used	in
apprenticeship in the warious branches of industry.		25)
